

ATIXA Online Prevention Program Clearinghouse

ATIXA has created a clearinghouse of online prevention programs for Sexual Violence and Bystander Intervention.

Inclusion in the clearinghouse does not constitute endorsement by ATIXA.

Sexual Violence Prevention Programs

360 Stay Safe

www.360staysafe.com

- The *360 Stay Safe* program offers two options, the VAWA Compliance program and the Building Community Program.
- The Violence Against Women Act (VAWA) Compliance Program: Addresses today's threats, such as forming healthy relationships, dating and domestic violence, sexual assault, stalking, and bystander intervention. This program uses high quality, video based training modules which are fresh, engaging, and culturally relevant. Modules define key terms, provide options for reporting, help students recognize signs of abusive behavior, provide safe and healthy options for intervening, and encourage risk reduction strategies. *(45 minutes to complete)*
- The Building Community Program includes the VAWA Compliance Program plus discrimination (racial, religious, and LGBTQ), and personal safety (protecting your possessions, everyday safety, and common sense defense/active shooter). *(45 additional minutes to complete)*
- Institutions have the opportunity to define key terms and link to campus specific resources, definitions, and policies, thus creating a unique opportunity for customization of the training. Learning assessments, 24x7 access, and in/out privileges allow for the platform to remain an ongoing resource for learners.

Association of Title IX Administrators

1109 Lancaster Ave, Berwyn, PA 19312 Tel. (610) 644-7858 Fax (610) 993-0228

www.atixa.org michelle@atixa.org

3rd Millennium Classrooms

web.3rdmilclassrooms.com

- *3rd Millennium* is dedicated to providing evidence-based programs that show positive results in changing behaviors. Course offerings include Consent & Respect. This course can be paired with additional trainings or taken individually.
- Each course provides personalized feedback and the most updated research on many high-risk behaviors.
- *3rd Millennium* courses can be accessed 24/7 from any computer, tablet, or smart phone.

Ask and U ASK from Men Can Stop Rape

www.mencanstoprape.org

- *Ask* and *U ASK* are initiatives aimed at making resources for survivors of violence more widely known in a community and easier to access through technology.
- *U ASK (University Assault. Services. Knowledge.)* is aimed at making resources more available to college students across different campuses.
- *ASK (Assault. Services. Knowledge.)* out of Washington, D.C. is a District-wide initiative bringing together victim service providers, public officials, military personnel, the medical community, law enforcement, violence prevention experts, universities and advocates throughout the community to offer sexual assault response resources for victims of violence.
- *ASK* and *U ASK* can unite the resources of a city or community in one easy-to-use resource that is available as a website and a mobile phone application.

Association of Title IX Administrators

Every Choice

www.every-choice.com

- *Every Choice* combines Green Dot's expertise in creating and delivering bystander intervention training with Student Success's expertise in creating compelling online learning programs. *Every Choice* is interactive, video-based, and research-informed, and will be designed to reduce sexual assault, dating/domestic violence, and stalking on college campuses through a focus on bystander intervention.
- *Every Choice* will concretely equip students with realistic, actionable bystander intervention tools. They'll leave the program better prepared to act in situations where a bystander could interrupt a potentially violent situation. *Every Choice* will feature testing and quizzes before, during, and after the video modules, and will provide administrators with a wealth of knowledge about their students and the learning outcomes they achieve. Students will also gain a better understanding of their own inclinations regarding bystander intervention, and whether they're more likely to intervene directly, to use distraction, or to delegate action.

Get Inclusive

www.getinclusive.com

- *Get Inclusive* offers customizable training for students and staff (including training on Title IX). Let your faculty, staff and students go through tailored versions of the course at their own pace using a smartphone, tablet, or a laptop. Expertly developed content ensures you get the best of evidence based training while meeting compliance requirements.
- For students, the course covers all federally mandated training topics (*approximately 20-30 minutes*). For staff and faculty, the custom learning path covers training on Title IX responsibilities (*approximately 40-50 minutes*).
- Gain a more meaningful understanding of the material through private journaling and self-reflection. Get weekly progress reports to ensure compliance with federal mandates including information specific to your state.

Association of Title IX Administrators

1109 Lancaster Ave, Berwyn, PA 19312 Tel. (610) 644-7858 Fax (610) 993-0228

www.atixa.org michelle@atixa.org

Haven

www.everfi.com

- *Haven* by *Everfi* is an online program that addresses sexual assault, relationship violence, stalking, and sexual harassment for students, parents, faculty, and staff.
- Using Evidence-based learning context to create an engaging and accessible experience to improve attitudes, behaviors, and bring knowledge to your campus.

MyStudentBody

www.mystudentbody.com

- *MyStudentBody* is designed to reduce risky student behavior using strategies that research has shown are most effective: motivational, attitudinal, and skill-training interventions. More than a one-time-through prevention course, *MyStudentBody* is available 24/7, all semester long, for information on drugs, alcohol, sexual violence, and other health and wellness issues that can affect academic success. *MyStudentBody* also gives parents tools they can use to reinforce your school's prevention message. And, it provides you with data and strategies to support an overall prevention program.
- *MyStudentBody* integrates "Rate Myself" questionnaires, brief self-assessments that are based on BASICS (Brief Alcohol Screening and Intervention of College Students). These assessments provide students with personalized feedback designed to change health-related behaviors.
- Interactive videos, quizzes, and surveys help students learn about the effects and risks of alcohol and drug use, as well as identify their own behavior in these areas.

Not Anymore

www.not-anymore.com

- *Not Anymore* is an interactive online program from *Student Success* designed to help prevent sexual assault, dating and domestic violence, and stalking, bullying and sexual harassment. Students also learn the characteristics of healthy and unhealthy relationships.

Association of Title IX Administrators
1109 Lancaster Ave, Berwyn, PA 19312 Tel. (610) 644-7858 Fax (610) 993-0228
www.atixa.org michelle@atixa.org

- *Not Anymore* uses peer presenters, survivor testimonials, video based scenarios, bystander testimonials, student interviews, graphics, and animations, to help change attitudes.
- Completely customizable; length and content to meet your campus's needs.

Decisions That Matter

www.etc.cmu.edu

- *Decisions That Matter* from *Patronus* provides an experience that educates and inspires people towards primary intervention against sexual assault on college campuses.
- As an interactive graphic novel, *Decisions That Matter* guides the guest as a bystander through varying instances of harassment that can lead to an incident of sexual assault.
- The program leaves the guest educated on the situations in which sexual assault can occur, as well as feeling empowered at the difference they can make with their actions.

Think About It

www.home.campusclarity.com

- *Think About It* from *Campus Clarity* is a science-based online course that prepares incoming college students for the unique challenges and responsibilities of college life. Recognizing that the issues of drug and alcohol abuse, the hookup culture, sexual violence, and healthy relationships are all connected, the program examines these topics in social, cultural, and personal contexts that advocate self-reflection and the pursuit of social justice.
- *Think About It* is available for undergraduate and graduate students, as well as faculty and staff. This program is broken into three main parts, *Turning Points*, *Good Friends*, and *The Way Forward*. These three courses are to be taken during the first year, starting before students ever set foot on campus.
- *Think About It* also provides additional resources and courses for students who have been involved with alcohol, drug, and sexual assault violations.

Association of Title IX Administrators

1109 Lancaster Ave, Berwyn, PA 19312 Tel. (610) 644-7858 Fax (610) 993-0228

www.atixa.org michelle@atixa.org

ThinkLUV

www.campusoutreachservices.com

- *ThinkLUV* is seamless, interactive online learning designed to reduce sexual assault and promote respectful relationships. It includes unique modules for independent, single-sex, public, Catholic, boarding, and specialized schools with a focus on self-confidence and bystander empowerment (30 minutes to complete)

Victim Assistance Training (VAT)

www.ovcttac.gov

- *VAT* is a web-based victim assistance training program that offers victim service providers and allied professionals the opportunity to acquire the essential skills and knowledge they need to more effectively assist victims of crime.
- *VAT* includes four sections: Basics, Core Competencies and Skills, Crimes, and Specific Considerations for Providing Victim Services.

We End Violence

www.weendviolence.com

- Designed by sexual violence prevention educators, this online program provides interactive choices shaping each individual's program addressing sexual assault, sexual harassment, stalking, and intimate partner violence.
- *A Way From Violence*, a 50-minute video with performances by Jeffrey Bucholtz, discusses different forms of oppression and how they relate to sexual violence. Using interviews, comedic and dramatic monologues, and lectures, this film helps to end violence.
- *Together We Can*, also with performances by Jeffrey Bucholtz, examines the causes and solutions to sexual violence in our culture. This video challenges popular culture and seeks to engage bystanders to end violence.

Supplemental Resources

Circle of 6

www.circleof6app.com

- Need help getting home? Need an interruption? Two taps lets your circle know where you are and how they can help. The *Circle of 6* app for iPhone and Android makes it quick and easy to reach the 6 people you choose.
- Schools can provide direct links to local resources of your choice and direct access to hotlines and numbers of your choice.
- This app allows individuals to add up to 6 people from their contact list to send notifications and their location to whenever they need. It's fast, easy-to-use and private, even if hosted by your school.

Companion App

www.companionapp.com

- *Companion* lets you reach out to family, friends, or your public safety department to have them virtually keep an eye on you as you travel late at night. This app uses a map feature to share your location whenever you choose and to whomever you choose.
- Smart Trigger allows you to set off a timeline when in a dangerous setting and if you don't respond, *Companion* will contact your listed family, friends, or public safety department.

Culture of Respect

www.cultureofrespect.org

- The CORE Blueprint and CORE Evaluation offer *Culture of Respect's* Six-Pillar-Strategy to eliminate campus sexual assault.
- All information will be kept in complete and strict confidence and they will never share names, e-mails or other information with third parties.

Association of Title IX Administrators
1109 Lancaster Ave, Berwyn, PA 19312 Tel. (610) 644-7858 Fax (610) 993-0228
www.atixa.org michelle@atixa.org

Live Safe Solution

www.livesafemobile.com

- *Live Safe* is a communication platform that facilitates discreet and risk-free bystander intervention by community members through information sharing with campus safety officials. Through a campus safety app installed on iPhone and Android devices, students can report GPS-tagged information with added pictures, video, and audio clips. Safety officials are able to respond to students via a Command Dashboard using a real-time two-way chat, or investigate further using the information submitted to officials.
- App allows individuals to submit information discreetly on suspicious activity, mental health concerns, and sexual assault, use location tracking during emergency situations, access essential safety resources and information, including a map with crime data and safety locations provided by the University, and request an escort home or have a friend virtually walk you.

U of Nine

www.uofnine.com

- You can supplement your current efforts with the *U of Nine* smartphone based app.
- *U of Nine* modules are quiz-based, and have been created by ATIXA, in collaboration with leading education quiz-based training app company, *Trivie*.
- Each quiz is no more than five questions long, but the hints and explanations that come with each question are where the real learning takes place, all in a gaming environment that looks and feels like other apps students enjoy every day.

ATIXA assembled more than twenty subject matter experts respected across higher education to review and develop all quiz content. Each of the quizzes has been subjected to focus-group feedback from students on pilot site campuses all around the country, including community colleges, four-year residential universities, and online institutions.
